

INSTRUCTIONS FOR AUTHORS

1. Content and Structure

The text of the paper shall be arranged in sections and when necessary into subsections. Sections are to be marked with one Arabic numeral and subsections with two Arabic numerals, e.g. 1.1, 1.2, 1.3, ... When a subsection is arranged in smaller parts, each of them is marked with three Arabic numerals, e.g. 1.1.1, 1.1.2, ... Further divisions are not allowed.

The **text shall be organized** in the following order:

- **Title of the paper** (not more than 15 words). Papers should be headed by a concise but informative title that clearly reflects the subject of the paper.
- **Authors' full names** (without grades and ranks).
- **Abstract (not more than 150 words)** should present a brief and factual account of content and conclusions of the paper, and an indication of the relevance of the new material presented.
- Title and abstract in Croatian. The Editorial Board will arrange the translation of the abstract into Croatian for those authors who are not familiar with the Croatian language.
- **Alphabetic list of keywords** in English and in Croatian. Keywords normally originate from the title and from the abstract (not more than 10 words).
- **Introduction should state the reason** for the work, with brief reference to previous work on the subject. It informs about the applied method and its advantages.
- **Central part of the paper may be arranged in sections.** Complete mathematical procedures for formula derivations should be avoided. The necessary mathematical descriptions may be given in an appendix. Authors are advised to use examples to illustrate the experimental procedure, applications or algorithms. In general all the theoretical statements have to be experimentally verified.
- In **Conclusion** all the results are stated, and all the advantages of the used method are pointed out. The limitations of the method should be clearly described as well as the application areas.
- **Acknowledgements can be added following the Conclusion.**
- **List of references** should be given **at the end of the paper** and numbered in square brackets in order of their appearance in the text followed by other literature.
- **Authors' full names (with grades and ranks) followed by the name and address of the institution at which the work was carried out.**
- **List of used symbols and their SI units** is optional after the list of references.

2. Text, Illustrations, Figures, Tables, and Equations

- The paper should be written using **Latin characters. Greek letters may be used for symbols. The volume of the paper is limited to 6 pages (Letter format).** That includes blanks and equivalent number of characters covered by Figures and Tables. The number of pages **must be even.**
- The text should be **sent to the MOTSP2025** using **online Paper Submission Tool (Conf Tool)**, <http://motsp.eu/papers2025/index.php?page=index>
- For text **preparation only MS Word for Windows i.e. *.doc, *.docx (Word Document) format of records may be used.** The text shall be prepared in accordance with the **MS Word template.**
- The Editorial Board may exceptionally request a **CD-ROM with recorded papers and Figures and Tables.** In that case the **Figures (drawings, diagrams and photographs)** should be submitted stored on a CD-ROM in **JPG/JPEG, PNG, TIF (TIFF Bitmap) or BMP** (Windows Bitmap) format, **min. resolution of 300 dpi.** Each Figure is labelled the same as it is in the paper and recorded format (e.g. fig-1.JPG). If figures are inserted in the text they must be also of **min. resolution of 300 dpi.**
- **Latin or Greek characters in italics are used for physical symbols** and normal characters for measuring units and numerical values. **The text in Figures shall also be written in normal letters** (see obligatory Quantities and Units: **ISO 80 000 - Part 1 and Part 2**). Character size is to be chosen on the basis of the following criteria: after expected Figure size reduction a capital Latin character should be about 2 mm high (no less than 6 pt).
- **All Figures in the Journal shall be printed in black-and-white technique. Coloured Figures will be seen only in PDF format on the Web address <http://hrcak.srce.hr/tehnickiglasnik>.**
- **Tables are created with the word processing program.** Each Table is positioned in the desired place in the text. In case of decimal numbers use commas (e.g. 0,253); use a small gap separating the thousands (e.g. 25 000, but not in the case of 1500).
- **The captions under Figures and Table titles are only in English.**
- **Section titles and titles of subsections are typed in small letters** (Sentence case) only in English. **Equations are numbered by Arabic numerals** in parenthesis on the right margin of the text. In the text an equation is referenced by its number in parenthesis, e.g. "... from Eq. (5) follows ...".
- **Create equations using MS Word Equation Editor** (some examples are given in the Instructions for Authors). (Note: if you convert and save your document as MS Word 2010 file and then add equations to it you will not be able to use previous versions of MS Word to change any of the new equations).
- **Figures and Tables are numbered by Arabic numerals (1 ÷ n).** In the text the Figure or Table is referenced by its number (e.g. in **Fig. 1, in Tab. 1, etc.**).

- **When reference to literature** is made the publication number from the **list of references in square brackets is used**, e.g. "... in [7] the authors showed ...". In the list of references the literature is cited in accordance with examples in Section References (as recommended by MZOS – Ministry of Science, Education and Sport) (the types of publications in *Italic-Bold* are only given as examples – do not write it in the final form of paper).
- Download: **Template and Instructions for Authors**

3. What are the benefits of online submission?

The Conf Tool: Conference Management Software is developed online tool based on extensive experience and needs for conferences. **ConfTool is a Web-based event** management system developed to support the organization of academic conferences, workshops, congresses and seminars.

Conference Management Software is professional and efficient software for:

- the submission and review process of contributions,
- the scheduling of the conference program,
- the registration, administration and invoicing of participants,
- and many other of the tasks of the organizer?

4. Privacy Policy

By registering to MOTSP2025 you agree that entered data may be used to track your paper and to contact you. We acknowledge that your data (apart from paper that is published) will not be shared with 3rd parties.

We will notify you via e-mail to let you know what is happening with your submitted paper.

If in any point you wish to be removed from the system, please contact us on address pcosic3@gmail.com putting "DEREGISTER" in subject (example: "DEREGISTER: John Doe"). Keep in mind that this e-mail needs to come from the e-mail account that you have registered to Conf Tool with.
